Keeping in touch with pupils and parents:

- Any issues that are received are to be dealt with professionally by the class teacher and the Headteacher should be BCC'd in the communication. If necessary teachers to contact the year group SPOC or member of SLT for advice (see emailing tips and strategies in the appendix)

- Heads of school are to attempt to make contact with all pupils in their class every 2 weeks via telephone call when in school or from a withheld number.

'Telephoned Mum offered support during home learning and I spoke with child who is getting on well. No concerns.' Alert T.Osei with each contact made and if there is a safeguarding concern alert the safeguarding team.

- Contact should be polite and encouraging. Teachers must not give out any personal details. Any concerns should be forwarded to a member of SLT who may choose to contact the parents directly. There is no expectation from school that work must be completed at this time. We believe our parents will be doing their best.

When accessing personal data, all staff members will:

SLT are able to access parent contact details via SIMS using a secure password. Do not share any details with third parties and ensure Integris is in logged off.

SLT have the ability to locate personal details of families when required through securely accessing SIMs. SLT are not to share their access permissions with other members of staff.

School laptops are the school's preferred devices to be used when accessing any personal information on pupils.

4.2 Sharing personal data

Staff members may need to collect and/or share personal data such as emails or phone numbers as part of the remote learning system. Such collection of personal data applies to our functions as a school and doesn't require explicit permissions.

While this may be necessary, staff are reminded to collect and/or share as little personal data as possible online.

4.3 Keeping devices secure

These tips are based on our article on [GDPR and remote learning](#). Talk to your data protection officer for more help, and your IT staff if you want to include details on how to put these measures in place.

All staff members will take appropriate steps to ensure their devices remain secure. This includes, but is not limited to:

Keeping the device password-protected – strong passwords are at least 8 characters, with a combination of upper and lower-case letters, numbers and special characters (e.g. asterisk or currency symbol)

Ensuring the hard drive is encrypted – this means if the device is lost or stolen, no one can access the files stored on the hard drive by attaching it to a new device

Making sure the device locks if left inactive for a period of time

Not sharing the device among family or friends

Installing antivirus and anti-spyware software Keeping operating systems up to date – always install the latest updates
