This week we have been discussing how we can create a fairer world

Proverbs 16:16

How much better to get wisdom than gold, to get insight rather than silver!

We have explored the question why it is important to be educated? We have explored how it helps us in our life now and how it will help us in our lives in the future? We discussed if it is more important to be clever or to be wise?

We have tried to think about what is the same and what is different in terms of education in different places in the world and how we could help to even things up.
